Wheelchair Passport Scheme

- ✓ Check that your wheelchair is suitable for you to be transported in.

- ✓ Check that you are within safe weight limits for ramps, lifts, tie-downs etc.

- ✓ Provide clear guidance to show how you and your wheelchair should be safely secured within a vehicle.

To arrange a free Wheelchair Passport please contact busbuddies@pacto.org.uk or call 01437 770119.

- The assessment takes about 30 minutes.
- We will arrange to visit you at home or in another suitable place. (Staff have been DBS checked).

- We will weigh and measure your wheelchair, with you in it, and take photographs to show how the wheelchair should be secured in a vehicle.

- We will then make up a personal wheelchair passport which can be attached to your wheelchair and shown to drivers when you travel so they know how to transport you safely.

This service is provided by Pembrokeshire Association of Community Transport Organisations, Charity No. 1148810, as part of the Bus Buddies project.

The Wheelchair Passport scheme was devised by Puwertec Ltd.

Not all wheelchairs are suitable for transport

Some wheelchairs have **not** been designed or tested for use as a seat in a vehicle.

- You may be in danger if your wheelchair is unsuitable; motor insurance may be invalid and transport operators may refuse to take you.
- A wide range of crash-tested transport-safe wheelchairs are available: folding, manual and electric. Ask your supplier.
- If you can transfer to a seat in a vehicle, this is usually the safest option.

For independent advice, or to check your current wheelchair, please contact us at busbuddies@pacto.org.uk or call 01437 770119.

Cynllun Pasport Cadair Olwyn

- ✓ Gwiriwch fod eich cadair olwyn yn addas i chi deithio ynddi.

Nid yw pob cadair olwyn yn addas ar gyfer cludiant

Nid yw pob cadair olwyn wedi cael ei dylunio na'i phrofi i gael ei defnyddio fel sedd mewn cerbyd.

- Efallai y byddwch mewn perygl os nad yw eich cadair olwyn yn addas; mae'n bosibl na fydd eich yswiriant yn ddilys ac efallai y bydd cwmnïau cludo yn gwrthod eich cymryd.
- Mae ystod eang o gadeiriau olwyn sydd wedi eu profi ac sy'n ddiogel ar gyfer cludiant ar gael: plygu, â llaw a thrydan. Gofynnwch i'ch cyflenwr.
- Os gallwch newid i sedd mewn cerbyd, dyma'r dewis mwyaf diogel fel arfer.

I gael cyngor annibynnol, neu i wirio eich cadair olwyn bresennol, cysylltwch â ni ar busbuddies@pacto.org.uk neu 01437 770119.
